

Cardinia Shire Council, the Environment & Heritage Unit and the Bushland team annual Christmas Celebration. **Thur 22 Nov**

Rob Jones

This years Christmas Celebration was held at the Toomah Community Centre.

It was again a great opportunity to meet up with fellow friends and Landcare groups passionate about the environment and to reflect on the achievements of the year.

Rob Jones, Natural Resource Planner, Cardinia Shire Council welcomed the participants and Marianne Sawyer spoke about the Shires projects during the past year.

The Friends of Mt Cannibal spoke of the Mt Cannibal Flora and Fauna Reserve.

A

representative from blacksnakes productions gave a talk about snakes. He had brought four samples of popular snakes with him and while speaking about them he walked around and showed them to the audience.

Everyone was looking forward to Rob Jones giving another rendition of his poems. Rob puts such a lot of expression and feelings into his renditions.

A number to the Cardinia councillors attended the functions including Brett Owen and Grahame Moore. Both were interested in Kurth Kiln.

We thank Rob Jones and the Cardinia Council for the informative evening and a delicious light supper

Brett Owen
