

Mountain District Walking Group at Kurth Kiln

Tuesday 28 February 2017

Thirteen participants walked in the perfect walking conditions.

The walk started off on the Kurth Kiln Track, then along Woodduck Track to Toms Track. On Toms Track they walked to Soldiers Road and stopped for morning tea near Adams Track. Much to everyone's surprise, a leech bit one of the walkers. We all thought that it was too dry for leeches.

After morning tea the walk continued to Spencer Track then along the Waterchannel to the Kurth Kiln Camping area. Again it was a surprise to see so many campers, relaxing in the warm sunshine.

Once back at Kurth Kiln Track some people enjoyed lunch at the table and bench, which was still in the shade.

It was a very pleasant walk, starting off in cool conditions and finishing just as it began to heat up.
