

# Pakenham Walking Group Kurth Kiln walk

4 August 2015

When we meet at the car park at Kurth Kiln it was cold, although the sun shone. Soon afterwards the sun disappeared and it became colder, but the threatened rain held off. After the circling up and exchanging news we walked along the Tomahawk Creek Track to Shepherds Creek Road, which was very muddy in places. The morning tea stop was on the Shepherds Creek Road bridge. Due to the cold everyone was happy to have a short break before continuing on Boundary Road to Monkhouse Dam.

We did not admire the dam as there was a dangerous tree next to the dam on Monks Track and it was very muddy between Monkhouse Track and Possum Track. Hence we continued on Monkhouse Track to Beenak Road then walked to Shiprock Falls, where we enjoyed the views of the falls from the viewing board and had lunch at the big rock.

After a short lunch we walked to Auckland Drive, and had a cup of tea at the Klink's home before returning to Kurth Kiln via the Klink's paddock and checking out the

camping sites on Camp. Loop Track.
