

# Jim McNabb visit Kurth Kiln with his Four Wheel Drive Trip group

## Saturday 23 January 2016

Jim McNabb brought his Four Wheel Drive Trip group on Saturday 23 January. Before going on the drive through the forest Jim organised a talk and a look around the Kiln Site.

Jim welcoming the group and giving details of the day's event. He then introduced Alfred to give a talk about the kiln and gas producers.

Jim's daughter Susan and partner Jason

Looking at the Forestry Huts

The following tour around the Kiln site was very much appreciated.

By then the morning drizzle had stopped and the group was ready for their challenging drive.
